DETAILED ACTION

Response to Amendment

1. This action is responsive to the Amendment filed on 1 June 2007. Claims 1, 4, 8, 10, 16-18, 21, 26, and 28 have been amended. Claims 2, 3, 6, and 7 have been cancelled. New claims 31-36 have been added. Claims 1, 4, 5, and 8-36 are pending in the application.

Specification

2. The replacement abstract has been received and entered. The objection to the specification is now withdrawn.

3. Applicant's arguments, filed 1 June 2007, with respect to claims 1, 4, 5, and 8-36 have been fully considered and are persuasive. The rejections/objections of claims 1, 4, 5, and 8-30 have been withdrawn.

Allowable Subject Matter

4. Claims 1, 4, 5, and 8-36 are allowed.

5. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of these claims is the inclusion of the limitation wherein the first optical waveguide element and the at least two cooperating optical waveguide elements are tapered to increase in width towards their common

interconnection wherein the tapering of at least one of the edges of the first optical waveguide element and/or at least one of the edges of the at least two cooperating optical waveguide elements are defined by a generating curve essentially following a trigonometric functional path, or at least a 5th order polynomial path. The prior art does not teach or make obvious this claimed limitation within a spot size converting device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin S. Wood whose telephone number is (571) 272-2364. The examiner can normally be reached on Monday-Thursday (7am - 5:30 pm).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rodney B. Bovernick can be reached on (571) 272-2344. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
